

Neil Webster

I am currently a co-opted Governor having previously served as a parent-governor. I have had three children attend the school – Theo left in 2018 and my two older children left in 2004 and 2007.

I run my own business, as a management consultant to the property industry, and sit on various Boards.

Prior to our academy status I served on the Resources Committee and chaired the New Buildings Group.

Governor's days are a favourite of mine as one gets to see the operation of the school. The highlight is having conversations with the enthusiastic and polite children who are a great barometer of how well the school is doing.

Aside from work and family, my leisure interest is cycling. I can often be found heading to school on one of my (n+1) bikes or cycling to London to as it is faster than Southern Rail.
