

Chantel Dyason

I have over 14 years' experience in the banking and finance industry, focusing on strategy, leadership, governance and risk, finance, project management, workforce management and cyber security. I started my career working in Audit and Advisory, qualifying as a chartered accountant.

I am excited at the opportunity to leverage the skills I have developed through my professional career to work with the overall governing body to support the strategic direction and success of this fantastic local school, whilst helping to support a safe and engaging learning environment for the children and staff.
