

Friday 27th March 2020

To all of our wonderful Caterpillars and Tadpoles,

We are writing this to you because we know some of you might already be missing Nursery and seeing your friends everyday. We are all having a very different adventure at the moment, but being a 'Stay-At-Home Superhero' is a very important job.

All of your Nursery teachers are thinking about you everyday, wondering which books you're reading, the games you are playing and the stories you're telling with your toys. We have loved seeing some of your activities on Tapestry this week. Some of you have been very busy bees and it has been a pleasure to see your photographs.

We will carry on planning fun learning activities for you to do, just like we would at Nursery. Make sure you tell your grown-ups to check Tapestry on Mondays, Wednesdays and Fridays for lots of fun games and challenges to keep you busy, and so you don't forget all of the clever learning we have been doing at Nursery. We'd love for you all to share your learning with us.

If your grown-ups need help to access Tapestry, tell them to email the school and we can help.

Remember to have lots of fun and don't forget to read lots of stories and have cuddles with your family.

Stay safe,

Mrs Woods, Mrs Andre and Miss Weller

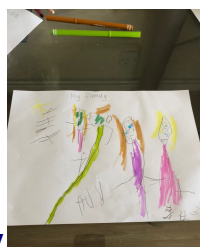

Ordering bears after reading the story 'Titch'.

Making groups of 3 together.

Drawing your family.
