

26th April 2021

Dear Parents and Carers,

I hope you had a lovely weekend. I am writing with regards to our school uniform policy and the numbers of children who are still not adhering to this. As per previous correspondence, when schools fully reopened on 8th March, since non-essential shops weren't open, we were rather more relaxed about what children were wearing, appreciative of difficulties some parents may have had in purchasing correct uniform and footwear. However, throughout the pandemic, it has always been possible to buy many items from supermarkets or online and all shops obviously re-opened on 12th April.

We pride ourselves on being a high attaining, successful school, and with this, there follows high expectations across all areas. I am therefore disappointed to see so many children dressed inappropriately, in particular, wearing trainers to school on their 'non-PE days'. Trainers are only permitted to be worn with PE kits and these should be black or white. All children should have black school shoes; no sandals, boots or trainers. Additionally, please be reminded that hair bands should be blue, black, white, grey or brown and no large accessories should be worn.

Attached with this letter, is the school's uniform policy for your reference.

Thank you for your support and cooperation in ensuring that your child(ren) come to school in the correct attire.

Kind regards
