

# Spring Term 1

## How can I make patterns?

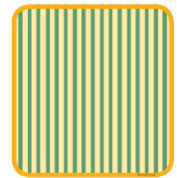

### I need to know and remember that:

- I look with my eyes to see patterns.

- Patterns are the same mark or picture again and again.

- Patterns are everywhere.

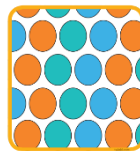

- Stripy patterns look like this:

- Wavy patterns look like this:

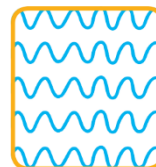

- Shapes can make patterns.

- Spotty patterns are made from circles.

- Zig Zag patterns go up and down.

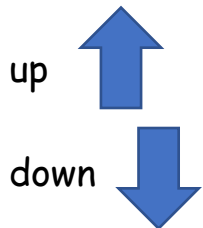

- I can make patterns in different ways.

- I know which hand I write with to make the patterns.

To help my learning I need to know and understand these words:

The names of these patterns: (We love the story *Alien's Love Underpants!*)

Can you make a pattern?
