

Year 1 – Autumn 2

We Are Collectors

Computing

In this unit, the pupils will use web search engines to collect pictures of different types of animals and then explore ways in which those pictures can be organised.

Information Technology

Prior Knowledge

Children will have prior knowledge of using the keyboard to type words onto a Chromebook from their previous unit in computing (We are Celebrating).

E-safety:

Ensure that appropriate filters are in place for the school internet connection and that safe search settings are locked in place.

Discuss what pupils should do if they have concerns over any images or other content they encounter when using search engines. Many schools operate a 'turn the screen off/turn the tablet over and tell an adult' system.

Mammal

A type of animal that gives birth to living babies. Cats, dogs and humans are all mammals.

Personal / Private

Information that does not or should not be shared about a person.

Copyright

A law that stops you using other people's pictures without their permission.

Permission

When a person says that you are allowed to do something.
