

Year 1 – Spring Term 1

We Are Treasure Hunters

Computing

In this unit, children will **program** devices to follow simple instructions (**algorithms**).

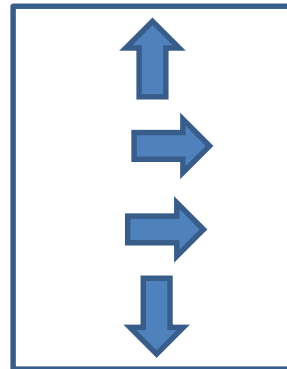

Computer Science

Prior Knowledge

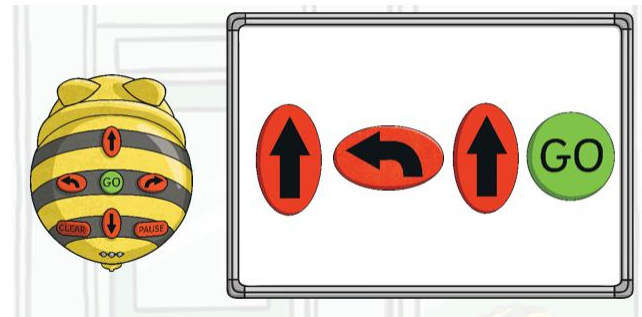

Children will already know that humans can control technology to make things happen.

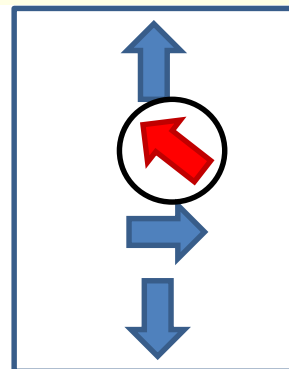

Algorithm – a set
..... of instructions

Program – a set
..... of algorithms that work together.

Debug – fix
..... instructions in an algorithm.

Robot – a machine
..... that follows a program.

E-safety: To remember to take time out from technology and consider how much time is spent using devices.
