### Contemporary Art

- Contemporary Art means "the art of today," or art being created in the present.
- It can refer to artworks produced in the late 20th through to early 21st centuries and today.

### Tamara Philips

**Nationality:** Vancouver Island Canada.

Away from the city she has also called the sea and forest her home as she likes to travel.

**Mediums he used** (refer to both to the type of art (e.g. painting, sculpture, printmaking), as well as the materials an artwork is made from).

Tamara Phillips predominantly uses water-colour paints. Her signature work shows textured bubble accents filled with orbbed patterns that are reminiscent of bubbles naturally formed under water.

**FUN FACT:** Tamara painted a series of marine mammals to help raise funds for the protection of marine life.
