4th June 2024

Dear Parents and Carers,

E-Safety Information Session for Parents and Carers

We are writing with regards to the planned online E-Safety Information Meeting for parents on Wednesday 19th June 2024.

Please find below link for this information session which will be delivered by Stephen Welding, Sutton's Education E-Safety Advisor. This online session will commence at 6pm running until approximately 7pm. It will provide you with an understanding of how to best support and protect your child when online.

Feedback from parents who attended Stephen's previous parent session was that it was extremely useful and that they would recommend this to other parents.

Please remember that this is an adult presentation covering some of the risks and dangers to children online so we would recommend that you use headphones, and you simply listen in if not viewing in a separate room to your children, due to some of the content.

We look forward to you joining us online.

Yours sincerely,

CPAT Designated Safeguarding and Digital Leads
